Dear Maynard Families,

Music brings energy, creativity, and joy to our schools—and I couldn't be prouder of the incredible music programs that enrich our students' lives every day. I am a strong believer that music education is *so much more* than learning to play an instrument or read notes. It sparks curiosity, builds confidence, and connects students in ways that last a lifetime.

Research shows what we see every day in our classrooms: students involved in music tend to excel academically and develop stronger skills in math, language, and critical thinking. Beyond academics, music teaches dedication, teamwork, and perseverance—and it gives our students a powerful outlet to express themselves and find their unique voices.

In today's world, where creativity, collaboration, and emotional intelligence are key to success, music education is one of the best ways to prepare our students for the future. It nurtures both intellect and heart, helping young people grow into compassionate, confident, and well-rounded individuals.

We are so fortunate to have the Maynard Music Association (MMA) leading the charge in supporting music education across our schools. The MMA's commitment to our students is truly inspiring—they provide essential resources, organize fantastic concerts and events, and ensure every student has the chance to shine. Their efforts make a lasting impact on our community and on every young musician who picks up an instrument or raises their voice in song.

By supporting the MMA, we're investing in a future filled with creativity, connection, and pride. Whether through volunteering, attending a performance, or making a donation, every bit of support helps keep the music alive in Maynard.

Let's continue to celebrate and champion the arts together—because when our students make music, they make magic.

With gratitude and excitement,

Brian Haas
Superintendent of Schools

MAYNARD MUSIC ASSOCIATION

Supporting Maynard Music Students and Programs

The Maynard Music Association (MMA) advocates for and supports the activities of the instrumental and choral groups at Maynard High School and the Fowler School. The MMA raises funds through an annual Casino Game Night and its advertising, sponsorships, and direct donations.

Fundraising proceeds provide enrichment opportunities, scholarships, and recognition of student achievement, replace and repair aging instruments, and offset the costs of music trips and other expenses for the band and chorus programs.

The Maynard Music Association thanks you for your support of Maynard's student musicians.

Maynard High School and Fowler Music Faculty

Originally from rural western Pennsylvania, **Clayton DeWalt** is a highly regarded freelance trombonist based in New England. He has performed around the world in venues such as Birdland and the Monaco Opera House, and major festivals including Newport and Montreux Jazz. His performance and recording credits include work with Toshiko Akiyoshi, Randy Brecker, Fred Wesley, Nancy Wilson, The Temptations, Regis Philbin, and many others. In the

Boston area, he performs regularly with the BTALC Big Band, The Duppy Conquerors, The Felipe Salles Interconnections Ensemble, and other leading groups. Offstage, Clayton directs jazz bands at Maynard High School and Fowler School, and teaches at The Rivers School, Babson College, Catholic Memorial, and Lincoln Public Schools. He holds a B.S. in Music Education from Slippery Rock University, an M.M. in Jazz Studies from the New England Conservatory, and has completed all coursework for a D.M.A. in Jazz Studies there.

Dr. Jeannette D. Jones received her Ph.D. in music history from Boston University and has been teaching graduate and undergraduate courses at colleges and universities in the Boston area for the past fifteen years. Dr. Jones has sung in choirs and vocal ensembles for her whole life! She has experience singing in choruses for operas and the symphony. In 2019 she participated in a residency in northern Italy, singing music recently discovered in a 16th c Italian convent. She currently sings with the group Convivium

Musicum, a Boston-based group specializing in Renaissance music. She also plays the cello, the viola da gamba, and the piano. Dr. Jones lives in Maynard and loves to garden and to take audio recordings of nature.

Samantha Schulz comes to Fowler Middle School as the General Music Teacher and Choral Director after a change in careers. She received a B.A. in ministry in 2008, worked in a variety of mostly unrelated fields, and eventually found herself working in operations and customer service for a start-up shoe company. Having a much stronger passion for music than for shoes, she enrolled in the Music Studies program at the University

of Massachusetts Lowell, where she completed her B.A. and Masters in Music Education. Prior to this time she has had many experiences performing in choirs and singing in worship bands at church, as well as taking private voice and guitar lessons over the years. During her studies, she has taught private voice lessons, directed an upper elementary chorus enrichment program, and taught elementary and middle school music in a private school setting. Prior to joining Fowler, she covered a maternity leave in Berlin-Boylston elementary schools for their general music and choral programs. She is grateful for the opportunity to be a part of the Maynard Community and contribute to the musical enrichment here.

Kevin Kozik is the Fowler School and Maynard High School Director of Bands. He holds B.A.s in music education and tuba performance from the Ithaca College School of Music, and M.A.s in clinical mental health counseling and music therapy from Lesley University. His primary tuba instructors include David Unland, formerly of Ithaca College, Dr. Aaron Tindall, a principal tubist for the Iceland Symphony Orchestra and Sarasota Orchestra, and Ed Diefes, principal tubist for the Australian Opera and Ballet Orchestra at the Sydney Opera House. Mr. Kozik has taught private lessons and directed bands at middle and high schools in Ithaca, Binghamton, Johnson City, and

Maynard public school systems. He has also provided music education in penitentiary systems and private arts academies in upstate New York and central Massachusetts. Mr. Kozik has experience performing as a soloist, freelance musician, and low brass member of professional and repertory orchestras, brass quintets and quartets, wind bands, and vocal ensembles across the Northeast. He has also worked as a therapist at McLean Hospital's OCD Institute, and as a studio composer for New England-based video game development companies. His research involving cognitive-behavioral theories in music, therapy, and psychoeducation has been featured at regional and national professional conferences. Mr. Kozik also acted as the manager for the Massachusetts Music Educators Association Central District Junior Festival Concert Band from 2018 to 2024. He is pleased to give back to the Maynard community by continuing to honor the great tradition of music making at Fowler School and MHS.
